DAY ONE

## Be a Day One VOTER!

HELP DEMOCRATS WIN!

### What is early voting?

- It's voting before Election Day!  
The earlier the better!
- Depending on your home state,  
early voting starts 10-50 days  
BEFORE Election Day!

### Why is it important?

- Early voters help  
increase voter turnout.
- Campaigns can move down their  
get-out-the-vote lists &  
focus on uncommitted voters.

### How do I do it?

- On Day 1 (or as early as possible!),  
drop off your ballot in person or  
drop it in the mail slot.
- Find your Day 1 HERE:  
**voteonday1.org**

### How else can I help?

- Tell your friends and family  
you're voting early!
- Tell them why you voted early and  
encourage them to VOTE EARLY, TOO!
