Be a
Day One VOTER!

HELP DEMOCRATS WIN IN NOVEMBER!

What is early voting?
- It's voting before Election Day! The earlier the better!
- Depending on your home state, early voting starts 10-50 days BEFORE Election Day!

Why is it important?
- Early voters help increase voter turnout.
- Campaigns can move down their get-out-the-vote lists & focus on uncommitted voters.

How do I do it?
- On Day 1 (or as early as possible!), drop off your ballot in person or drop it in the mail slot.
- Find your Day 1 HERE: voteonday1.org

How else can I help?
- Tell your friends and family you're voting early!
- Tell them why you voted early and encourage them to VOTE EARLY, TOO!
